## SUNY Canton

**NOTE: Parking information, as well as photos, will be posted later on the SOAR website for these three new SUNY Canton and the other new ones as well**

All three classes held there this semester are relatively close together at the top of the hill. Drive into the main entrance of SUNY Canton at the second stop light from HWY 68 after the downtown bridge. At the “Y” near the top of the hill, veer right. Pass by a “drive” that turns behind Neveldine Hall, and turn left at the next roadway onto Miller Rd. Drive all the way in to a smallish lot in front of Miller Campus Center (with several handicap places). If there are no spots available, find a space (not one reserved!) in the lots you just passed by, and walk back up to Miller. Enter the main door. Walk up to corridor, look right and see a dark door in a small alcove. It’s the elevator. Take it to the second floor and then look for the **Miller 218-220** on the right in about about half-way down the corridor on the right.. If you are headed for **Payson Hall 219\*** keep walking. It attached to Miller by both an inner and an outer glass corridor. Stop and make a “U” turn to the right, down a few steps to a huge tiered auditorium. You have arrived at **Payson 219\***. If you are on your way to **\*Wicks 206...** don’t turn, just keep on walking, but use the glassed in corridor and exit out onto a cement plateau and you may become distracted by the very tall administrative/faculty office building, and miss the door to **\*Wicks**. just beyond on the right is another elevator you can use. There are food courts, mail boxes, etc. on several levels.

**REMINDER:** Before starting out to where you are going to a new location, take a few minutes to look at that location site on the SOAR website... you’ll get some visual images and a map, plus a few more details. It might save you some walking!
