### CLASSROOM ASSISTANTS NEEDED

A number of SOAR courses use technology, primarily in SUNY-Potsdam, Maxcy Hall 104. Technology volunteers assist course presenters to connect to the college's equipment. Silas Wright House, SUNY Canton and St. Lawrence University provide their own technology assistance.

Training of tech volunteers began last year with a few members now prepared to be helpful. We are counting on more SOAR members to volunteer, on the model of our course ambassadors, to help them out. Janet van Weringh, Chair of the Technology Committee, will provide training for members who volunteer to be technology assistants. The workshop, roughly an hour-long, is designed to familiarize volunteers with the equipment in Maxcy 104—how to access the college's network and how to connect presenter's equipment. In addition to the training workshop, a User's Guide for Maxcy 104 can be found on the SOAR website.

We would appreciate your willingness to serve as a technology assistant for SOAR. Please complete the form below.

Sincerely,  
The SOAR Technology Committee
